DYNAMIC SPACE – Ideas for practical kitchens

Space

Motion

Workflow

What makes kitchens practical?

Kitchens come in for heavy duty use so you soon find out what makes them practical. We have identified three key features of practical kitchens at Blum during the course of our research. Good workflows, optimal room utilisation and high ease of use or: In short, workflow, space and motion.

DYNAMIC SPACE delivers ideas for practical kitchens.

Well-designed products such as ORGA-LINE bring high functionality to every kitchen. Solutions such as the SPACE TOWER larder unit and the SPACE CORNER corner cabinet are optimised to the needs of kitchen users. Our experience and research data can provide helpful insight during the kitchen planning phase.

Be inspired!

Practical flexibility

ORGA-LINE containers, longside and cross dividers can be arranged as required depending on the item being stored. Whatever you need to store, ORGA-LINE provides practical organisation in your drawers and optimised storage space. There is even room for additional items such as pots or dishes, for example.

Practical overview

With ORGA-LINE, everything is stored where it can be seen, even larger items can be stored securely. An overview of everything: Individual items can be stored where they can be seen with good organisation thanks to ORGA-LINE. When your guests want to help out in the kitchen, the right spice quickly comes to hand.

Practical accessories

ORGA-LINE kitchen accessories simplify daily workflows, and provide organization and overview. Because with the foil dispenser, knife, spice and plate holders, everything is close to hand exactly where it's needed – whether in the kitchen or at a Barbecue. When the cooking is done, these small tools can be quickly stored away.

Practical clean-up

Children's sticky fingers leave their mark – we all know that. With ORGA-LINE, this is not a problem. The high-quality stainless steel containers are very easy to clean without marring the material – even in the dishwasher. That is Blum quality – for the lifetime of the furniture.

**Online configuration –

ORGA-LINE for drawers

Overview of ORGA-LINE sets

Blum offers practical inner dividing systems for drawers for every type of storage item. ORGA-LINE sets with high quality stainless steel trays and/or utensil dividers are available in all nominal lengths from 450 to 650 mm. We have the right applications for any drawer width, providing excellent organisation and overview.

Flexible cutlery dividers

Cutlery and so much more stay perfectly organised in the high quality, hygienic stainless steel trays. The containers are removable and dishwasher safe.

Flexible utensil dividers

Storage items of every shape and size are a perfect fit for ORGA-LINE. The flexible utensil dividers can be arranged to fit your needs.

Combo sets

This combination of utensil dividers and containers are not just for the kitchen – you can use them throughout the entire house.

ORGA-LINE sets for drawers can be expanded with foil/film dispensers and a knife holder. Practical kitchen accessories ensure simple workflows and easy handling.

Individual foil/film dispenser

The foil or film dispenser fits perfectly in the narrow utensil divider for quick and easy access.

Foil/Film dispenser as a set

The wide utensil divider provides a perfect drawer location for both foil and film dispensers.

Knife holder

The knife holder is ideal for the wide utensil divider, providing practical storage for up to 9 knives.

The company Blum

Founded over 60 years ago by Julius Blum, Blum is a family-owned company that operates on an international scale. Its strategic business segments include lift, hinge and pull-out systems. All our product developments focus on perfecting motion.

www.blum.com

Blum in Austria and around the world

The company has eight plants in Vorarlberg, Austria, additional production sites in Poland, the USA and Brazil and 31 subsidiaries/representative offices. Blum supplies more than 120 markets. The Blum Group employs 8,000 people in total, 6,000 of whom work in Vorarlberg.

Global customer benefits

"Whether manufacturer, distributor, fitter or kitchen user – everybody should personally enjoy the benefits of Blum products" – that is Blum's philosophy on global customer benefits.

Innovations

To support customers with innovative fittings solutions and secure long-term success for the company, we need to consistently invest in research and development, in plants and facilities and in employee training. With more than 2,100 granted patents worldwide, Blum is one of Austria's most innovative companies.

Quality

Blum's comprehensive concept of quality does not only apply to products. Services and collaboration with customers and partners should also meet the same quality requirements.

Environment

At Blum, we believe that responsible ecological behaviour has long-term economic benefits. The longevity of products is just one of many important aspects. Other important measures include the use of environmentally-friendly processes, the intelligent use of materials and prudent energy management.

DYNAMIC SPACE

Good workflows, optimum use of storage space and top quality motion are important features of a practical kitchen. Blum's ideas for practical kitchens are designed to bring function, convenience and ergonomics to furniture interiors.
